

Counted Cross Stitch Pattern: The Scabious Fairy by Cicely Mary Barker, PROFESSIONALLY EDITED Fairies: Flower Fairies (The Flower Fairy Series)

The Scabious Fairy by Cicely Mary Barker is one of the famous Flower Fairies and is now available as a counted cross stitch pattern. Ms. Barker began drawing the fairies approximately 100 years ago and now many of the prints are regrettably dull, streaked, lifeless and even stained. So our staff graphics designer spent many, many hours working on our designs, bringing them back to life with rich, vibrant colors. We can only post one picture with our Kindle book but we sell a collection of 116 flower fairies and we have posted Before/After images there. See for yourself how beautiful the fairies are now [ASIN: B01CO73XO6] NUMBER OF COLORS: 12 NUMBER OF STITCHES: 130 squares wide by 200 squares high. All patterns are for DMC floss. Enlarge Our Pattern You don't have to worry about size with our patterns! It's sometimes tough to see your pattern on a Kindle or tablet so we have made it possible to make your charts as LARGE as you wish - see our patterns on a 21 computer monitor and a 48 TV screen. No more squinting and straining at a tiny screen. 116 Flower Fairy Collection If you love the fairies like we do, you might be interested in our collection of 116 patterns, which includes a list of all our fairy patterns. She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie," she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle" "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. **Why use a "Green Realtor"** There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the

potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
