

Cooking Spaces: Designs for Cooking Entertaining and Living

Cooking Spaces combines creative design with modern and unique ways in which to transform your old kitchen into something new. From traditional to modern, catch a glimpse of great cooking spaces that make kitchens function as a room you will enjoy spending time in. Featuring brief narratives-describing their careers and favorite kitchens-from ten world-renowned chefs: including Jacques Pepin, Jody Adams, Coleman Andrews, Christopher Kimball, Richard Rayment, Lydia Shire, Nic Stellino, Giles Thompson, Korby Kummer, and Ruth Rogers. Also learn about: Modern design schemes for cooking, mingling, and entertaining with ease Working kitchens: adaptable solutions to common design problems, overcrowding, unusually shaped rooms, lighting, built-ins, and more Cooking traditions adapted in unusual and clever designs: the open-air kitchen, the baking alcove, kitchen hearths, kitchens for grilling, the wine-lovers kitchen, and more.

The best cooking rooms provide ample space for flipping an omelet, rolling a piecrust, or chatting with guests while preparing a cozy dinner. But creating cooking spaces can be a daunting task. Kitchens should be practical and functional, but they should also be comfortable, hospitable, and visually appealing. How can you design a cooking space to fulfill all of these needs?

Cooking Spaces offers a bit of something for everyone, from practical hands-on tips and interesting ideas on cabinetry, lighting, flooring, storage, dining areas, and other kitchen essentials to beautiful color photographs sure to enthuse even the most reluctant kitchen designer. With over one hundred kitchens featured, Cooking Spaces provides ideas on how to shape your existing kitchen into a room catered to your needs. A cooking lifestyle quiz will give you a handle on your personal culinary needs and necessities: the rest of the book

will encourage and inform you on how best to meet those needs. As an added bonus, interviews with ten of the worlds most exciting and revered chefs are also included, which will give you great ideas on how to create a cooking space to inspire greatness. Cooking Spaces is a must-have addition to any chefs library: amateur or professional.

Home Home Search Mortgage Information Buyer Information Sellers information Contact Me Green Blog Events Calendar Use our Mapping Search to find listings in a certain area. Then get step by step directions. We want the buying process to be stress free and simple. Try our easy to use Search! Use our My Home Hunter feature to be notified when your dream home hits the market. **Barrie's Green Realtor Karen Fox** has been selling real estate for over 23 years in the Barrie area. She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie", she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle" "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
