

ARISEN : Genesis

Readers call the ARISEN series: Wall to wall adrenaline - edge of your seat unputdownable until the very last page ... staggeringly good - the most consistently excellent franchise in zombie literature ... the best post-apocalyptic military fiction there is ... one badass unstoppable bullet train ride ... moves like an avalanche ... edge of the seat, nail biting, page turning mayhem ... had me holding my breath more times than I could count ... THE BOSS of the zombie apocalypse genre... The pace and action are breathtaking ... the most amazing and intense battle scenes youve ever experienced ... rolls along like an out of control freight train... insane propulsive storytelling... left me shaking at the last page... They grab you on the first page and kick your ass through the entire series...Over a quarter of a million ARISEN books sold and still climbing...Come back in time with the first ARISEN prequel and live through the beginning of the end of the world...(Can be read as a stand-alone novel, an introduction to the series, or at any point while reading the main series.)Tucked away in a high-tech Tactical Operations Center, inside an isolated safehouse in the Horn of Africa, sits Agency analyst Zack Altringham. He is Kenyan-born, Princeton-educated, badly burnt-out - and condemned by his language and cultural skills to a lifetime of fighting Americas shadow counter-terror wars. But when another mystery epidemic breaks out, and terrifyingly quickly reaches a tipping point, chaos descends - and Zack and his team (including two former Team Six SEALs) are trapped between the millstones of the sick and the dying on one side, and heavily armed militias on the other. Soon their safe house is in flames, and their only remaining option is to get in their up-armored SUV and try to escape the imploding gravity well of the city, to the safety of the American military base in

Djibouti. But by then, will there be anywhere safe left on Earth to escape to?

Home Home Search Mortgage Information Buyer Information Sellers information Contact Me Green Blog Events Calendar Use our Mapping Search to find listings in a certain area. Then get step by step directions. We want the buying process to be stress free and simple. Try our easy to use Search! Use our My Home Hunter feature to be notified when your dream home hits the market. **Barrie's Green Realtor Karen Fox** has been selling real estate for over 23 years in the Barrie area. She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie", she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle" "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
