

Nocturnes in Purgatory

New Barrington and West Sussex on Californias Borrego Bay are bustling modern cities to nearly all their human inhabitants. But behind their daylight facade is a festering supernatural underworld ceaselessly struggling for control. Metahuman warrior Montgomery Quinn, known as The Adversary, is the only force that can resist the evils threatening to overrun not just the Twin Cities, but all of the mortal world. An ancient artefact of power, The Sigil, has resurfaced, and the factions of Borrego Bays night world are desperately competing to claim it. The Verrigotta Gather of vampires has rescued a local businessmen daughter, Brooke, from the kidnappers who tortured her to death and revived her as one of the undead. Brooke was investigating mysterious events in her area and learned too much about The Lost Sons of Purgatory, a cult of mass murderers who want The Sigil to bring their god into reality from another dimension. The government agencies responsible for the tenuous truce between humans and the beings called Ultrakin call on Quinn for help, along with a Bloodwitch named January Ulrich, or Cold Janey. Together, Quinn and Janey track down the mystery of The Sigil, who wants it so badly and why. Reluctantly aiding them are Quinns sometime-partners, Sam Carstairs and Ashton Brazil, and Patricia Silver, a professor whose love for Quinn led to her becoming one of the vengeful ghosts called Le Grymmeure. Meanwhile, Quinn himself is stalked by three members of his own ancient race, the Olympians, seeking retribution for a past crime of Quinns. But they also have an interest in The Sigil. In a complex and tangled plot that evokes the best of H.P. Lovecraft and Robert Ludlum, Quinn and his allies--human and Ultrakin--follow the Sigil and its pursuers to a tense final showdown that holds some bitter revelations for The Adversary

himself.

There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
