

Blood Awakening: NOVELETTE (Blood Burden Series Book 1)

***PLEASE BE AWARE THIS IS A NOVELETTE. *** Nicole, a small town Alabama girl, and her best friend Kat take a weekend trip to Panama City, Florida. Kat looking to have a good time and Nicole hoping to escape the pain of losing her mother for a little while. Little did Nicole know, the escape would awaken a ancient power that is hidden in her blood. A power that evil wants for its own and will do whatever it takes to have it. This short story is a look into best friends, Nicole and Kat, life before a centuries old grudge and Nicoles emerging powers rips them apart. A power that Nicole wants no part of as it brings her to her knees and forces her to walk away from her small town life and everyone she loves.

She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie," she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle" "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
