

Dragonflies Question - A Novella on a Positive & Sustainable Future

TO CREATE A POSITIVE AND SUSTAINABLE FUTURE, WE MUST FIRST ENVISION IT. This book is great way to teach sustainability concepts to employees and citizens. This novella and discussion guide covers a wide range of topics including distributed energy, smart growth, toxic exposure, urban agriculture, local currencies, sustainable investing, homelessness, etc. This is wrapped in a sweet father-daughter story set 8 years in the future. Read it to understand how to shape our future or just read it for fun. Give it to your friends and family to help them understand where the world is headed. With Dragonflies Question, Darcy Hitchcock has created a lovely thing: a learning tool, based on a piece of near-future fiction, that is also a pleasure to read.- Alan AtKisson, author of Believing Cassandra and The ISIS Agreement You are an amazing writer! That book was packed with what could be our reality someday soon! Well done!-Rosemary Di-Candilo, Zero Waste Alliance

Home Home Search Mortgage Information Buyer Information Sellers information Contact Me Green Blog Events Calendar Use our Mapping Search to find listings in a certain area. Use our My Home Hunter feature to be notified when your dream home hits the market. Barrie's Green Realtor Karen Fox has been selling real estate for over 23 years in the Barrie area. She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie", she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle" "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
