

Exiled: The Never Chronicles book 1

Stripped of his powers and banished to The Never, James must save himself before he can save his fellow sorcerers from imminent demise. Prophesied by the greatest of all seers to be the sorcerer who would bring an end to the Epoch Terminus—the destruction of his kind—James grew up developing his powers under the watchful eye of his mentor, Akil Karanis. James' insular world is shattered when he is found guilty of murdering Akil and exiled to The Never, a mysterious and dangerous place reserved for the worst of the worst, a land from which no one returns. Powerless and alone, James quickly learns that the land itself poses a greater threat than its inhabitants. If he is to have any chance of returning to his family, any chance of proving his innocence, any chance of saving his kind, he must survive the dangers and temptations meant to ensnare both body and mind in order to discover what no one else has been able to discover—a way home.

She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie," she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle." "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
