

Heir to Koloso (Rise of the Temple Gods) (Volume 2)

Fear to the fearless. Hope to the hopeless. Mercy to those who hate you. Death to those who love you. That is your destiny, Princess of Kale, Princess of Koloso, heir to both. Prophecy of the Kalian Twins

The struggle for the throne intensifies as twin Princesses Ameria and Mariana are forced to contend with their bitter rivalry and haunted past. In this sequel to Heir to Kale, the sisters learn that they must first expose the secrets of their past before they can begin to unveil their shadowed destiny.

Awaiting the Temple bout which will determine her fate, Princess Mariana struggles to unite a Kingdom long bereft of leadership. She must navigate a labyrinth of rival families, powerful lords, and the ever-widening rift between those who serve the Temples and those who do not. Unprepared and still grieving the loss of her mentor, Mariana must decide for herself what is right for the kingdom and who, if anyone, can be trusted.

Meanwhile, Princess Ameria is determined to discover the true identity of her fathers killer and is willing to risk everything in order to find the answers she seeks. Embarking upon a quest which takes her from gleaming Temples to darkened castles, she endeavors to learn the truth about her family, the Prophecy, and the future of the Kingdom. Eventually turning to her estranged grandfather, the powerful and dangerous Lord Riccard, Ameria uncovers a truth about her familys past from which will threaten to challenge the very foundations of her beliefs. As the sisters come closer to revealing their past and the prophecy which haunts their future, the wraiths watch from the shadows, an ever-present reminder that time is running out and that the fight for the throne looms upon the horizon.

There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
