

So You Think You Want To Sell Real Estate

This book is designed to give you a realistic idea of the marketing, time and efforts that you will spend learning the real estate business. You'll want to ask questions before choosing an employing broker about their training, marketing and record keeping requirements. You'll come to realize that you'll need to spend hours researching what role the title companies play vs. the role of the lender in your real estate transactions. Learn to read a Preliminary Title Report and ask about the proration of taxes, insurances and interest from the title companies. Ask several lenders about loan programs and ask to sit in while your customer is shopping for their loan. Know the differences and requirements and learn to pre-qualify just by having a conversation with your potential buyer. This book gives several anecdotes as tools of what you might expect when dealing with the emotional aspect of the different personalities including your own reactions. More importantly, this book will give a simple understanding of real day to day experiences and the challenge of being a sales person vs. going out on your own to broker an office and the unlimited income potential real estate has to offer.

She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie", she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle." "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the

area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
