

Building Block Essentials: Optimizing Your Employability. Promoting Your Genius.

More people are chasing fewer jobs than ever before, including legions of downsized executives and newly minted college graduates. In his new book, Building Block Essentials, Dr. David Miles shares how job seekers can stand out from other candidates applying for the same position and optimize their chances at landing the next opportunity. Dr. Miles bases much of his book on his research on his experience first as an HR executive and then as the Chairman of Miles LeHane Cos., Inc., an independent consultancy in Northern Virginia that specializes in strategic and talent management. In his latest book, Dr. Miles offers job seekers specific, practical advice on how they can put their genius in front of hiring managers. He covers the basics like building a resume, biography and cover letter as well as more advanced tactics, such as managing the interview and responding to critical questions. He even discusses the art of negotiating the job offer. Building Block Essentials was written as a companion to Dr. Miles first book. The Four Pillars of Employable Talent presents thought-provoking analyses of the changes that have transformed the workplace as well as the new criteria that HR managers now use to define employable talent. Together, these two books will help all career seekers craft a compelling story as to why they are the candidates of choice.

Home Home Search Mortgage Information Buyer Information Sellers information Contact Me Green Blog Events Calendar Use our Mapping Search to find listings in a certain area. Then get step by step directions. We want the buying process to be stress free and simple. Try our easy to use Search! Use our My Home Hunter feature to be notified when your dream home hits the market. Barrie's Green Realtor Karen Fox has been selling real estate for over 23 years in the Barrie area. She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie," she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle" "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs

will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
