

## Mathew Unoi: Jupiters Child

Despite the odds, Grace Takaname, Jimmy and the magnificent Stella manage to fulfill their mission objects and escape from Mars. Their achievement is borderline miraculous and Mathew Unoi uses their tactical advantage to negotiate a fragile peace between the rapidly expanding community of Ganymede and the Frank empire. Under Mathews leadership Ganymede flourishes, its residents begin to prosper and life seems almost normal - even for the likes of the notorious Captain Marcus Tristram Andarchy, who once only found solace in the misfortune of others. The realm of humankind now stretches far beyond the boundaries of the System to the distant Serrenas where new colonies are established on the watery world of Serrena Four and its most abundant sister, Serrena Five. The potential for galactic peace and trade is just a tantalizing step away. As is the concept of a devastating war. Mathew Unoi - Soldier, GEM, Statesman, Murderer. When someone steals from Mathew Unoi, they had better know a good place to hide. Jimmy and Stella understand that fact as they strive to help Mathew win back that which he cherishes more than his own life. Marcus Andarchy knows it as he departs on probably the most dangerous course he has ever plotted. And from his refuge on Mars, Peter Frank knows it only too well as he prepares to regain his dominance over Ganymede and the distant Serrenas. Its a time of reckoning. And for Mathew Unoi - this time its personal.

Why use a â€œGreen Realtorâ€• There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
