

Song of the Shadowgem (The Guildsmen) (Volume 2)

Can you not hear its song? She sings to us. She sings us into peaceful slumber, just as easily as she will sing us into battle. After searching for twenty years, Sajiix Mirhan believes he has finally discovered the location of the fabled ValCryys Amethyst. Hidden somewhere within the depths of the Deadmurk swamplands, Sajiix must face the elements and the creatures that lurk within to obtain the glory he has fought so hard to reach. His former companions, the Guildsmen, are unable to help him in this endeavor, as they are once again challenged by the political machinations of Chancellor Tevic and his desire to bring together the seven houses of the gods an act that will surely test the patience of the Magi and the treaty forged so long ago. Unbeknownst to either the Guildsmen or Sajiix, a new power is searching for the ValCryys Gemstones; one that cares nothing for the orders of magic or houses of faith. The Bringers of ValCryys wish to find the Shadowgem and will use its song to awaken a threat not seen in the realms for ten years.

She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie", she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle" "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc. Brokerage
