

Chains: A Science Fantasy Short Story Collection

In the magical land of Arelle on the far-away planet Lareve, mages of earth, sea, sky and fire face unique and mystical challenges, struggle against perilous emotional and physical chains that threaten to imprison each one of them unless they resourcefully and tirelessly break free from limitations, both external and self-imposed.

They must free themselves from evil demon-winds, tyrannical kings or the shackles of their own human frailty. From a crystal-mage who must find the source of a mysterious sandstorm to a fortune teller who must discover her own fortune, to a lightning mage who must find a way to save her sister, this collection of short stories is filled with adventure and romance, mystery and intrigue and, most of all, the magic of the human spirit.

Use our My Home Hunter feature to be notified when your dream home hits the market. Barrie's Green Realtor Karen Fox has been selling real estate for over 23 years in the Barrie area. She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie," she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle." "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
