

Hidden: The Hidden Saga (Volume 1)

Bronte Hughes lives an ordinary life with a loving family and close circle of friends, but after standing up to the school bully, she is challenged to a dare at Farrows Mill, which goes disastrously wrong, shattering her reality in the process. A single act leads to a near fatal accident, which sets closely guarded wheels in motion, and leads her to fall for her best friend Riley. A miscommunication sends them down separate paths, leaving her to face dealing with his rejection, while trying to come to terms with the fact, that everything in her world isn't what it seems. She realises her world isn't so flawless after all, when everything starts to unravel around her, and the cracks begin to appear. Can Bronte keep it together, and regain her first love, or will he reject her forever? Join Bronte as she learns the truth, and begins a journey of self-discovery where she finds she is the one who is different from those around her, and learns what her family have worked so hard to conceal from her, which is now set to turn her world upside-down.

She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie", she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle." "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
