

The CSI Construction Contract Administration Practice Guide (CSI Practice Guides)

Get the must-have reference on construction contract administration -- and the essential study aid for the Certified Construction Contract Administrator (CCCA) Exam. The CSI Construction Contract Administration Practice Guide: Takes an in-depth look at standard contract documents and their successful use in construction projects. Provides expert commentary on various standard forms and their use in documenting design decisions made during project construction and providing for clear project communications. Discusses the roles and responsibilities of all parties to construction agreements and their effective management. Packaged with the book is an access code which provides access to a password-protected Web site with bonus content, including a PDF of the printed book and copies of CSI format documents, such as UniFormat and SectionFormat/PageFormat. This easy-to-follow guide offers invaluable tips all construction professionals can immediately put to use for improving the overall skill and efficiency of document preparation that accurately conveys stated goals, ensuring that all interested individuals receive fair representation throughout the entire construction process. Part of the CSI Practice Guides, a library of comprehensive references specifically and carefully designed for the construction professional. Each book examines important concepts and best practices integral to a particular aspect of the building process.

She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie", she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the

Environment. • An award winning Realtor and • Hall of Fame award of excellence. • I will only take on the new business that I can handle • • I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell. • Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a • Green Realtor • There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
