

## The Gathering of Shadows: A Saga of the Endlands

In the port city of Ansti, a blacksmiths apprentice with more skill swinging a sword than crafting with a hammer finds his master murdered after an evening down at the docks. Antilos world is thrown into chaos as he must try to bring his former masters killer to justice and forge a new path in life. Meanwhile Nalgaar, Half-Elven, an outsider in the city, finds himself a fugitive after hes spotted breaking into the Duke of Venerandas keep and stealing a powerful magic item. Wishing to do nothing other than lay low, he reluctantly succumbs to his more noble instincts and decides to help Antilos. Tanryn, a flame-haired priestess of Aheryll, finds evidence that throws her beliefs into question, and she undertakes a quest to know the truth of the ancient gods. But will her discoveries unleash secrets from the past and break her friendship with Nalgaar and Antilos? Entangled in affairs that lead to unexpected heroism and profound loss, they go full circle and return to Ansti, their personal paths leading in divergent directions. All is not well in their home city. A dire threat lurking just beneath the surface threatens everything they hold dear, and its up to them to try and expose it.

She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie," she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle" "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out

periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
