

Make It Mine!

Make It Mine creates an awareness of how our state of mind affects the world we live in, confirming the old adage that while You may never reach the summit and for that you will be forgiven. But if you don't make at least one serious attempt to get above the snow line you will always regret it! This book delves into the psyche so subtly that one barely notices they have been given a checkup from the neck up about why we live the way we do in our own homes! The book is filled with funny stories, sad stories and a million tips, tricks and ideas to help you navigate from a house to a home! It is full of ideas and solutions for everyone from the college student to retirees. The ideas are bold, not old stuff. For motivating, inspiring ideas that teach you how to prevent becoming a victim as you locate and improve your home in today's economy; this is a must read! This book is funny and happy, and is a worthwhile, down to earth endeavor that will bear wonderful fruit. It is filled with profound thoughts, inspiration and practical ideas for successful living.

She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie", she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle" "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc. Brokerage
