

Deep Earth Invasion

Deep Earth - Invasion, is the first novel in a tense, foreboding Science Fiction/Adventure trilogy about self-discovery, loss, and what happens when the actions of a few people affect the lives of billions. Jack Morgan has overcome the wounds of his childhood and made a new life for himself in Boston with Liz Simmons, the woman of his dreams. He had sworn to never return to his childhood home in Louisiana when his Aunt Gail suddenly goes missing. He is reluctantly pulled back to the place where good memories are few and far between. When his old romantic interest, Gert Wood, and his childhood best friend Dan are both lost in the vast Louisiana swamp, Jack feels compelled to save them and find his Aunt Gail if he can. What he discovers turns Jack's world upside down and he finds himself deep underground, held captive by strange creatures. In a desperate quest to save his life, and the lives of his companions, Jack learns the horrible truth about the death of his parents and brother. People are dying at the hands of the monsters and even worse, he understands that the creatures have a justifiable reason for their actions. Although he feels driven to return to his fiancée, Liz, and the life he built for himself in Boston, Jack is forced to make choices where any decision will lead to consequences that echo into the distant future.

Home Home Search Mortgage Information Buyer Information Sellers information Contact Me Green Blog Events Calendar Use our Mapping Search to find listings in a certain area. Then get step by step directions. We want the buying process to be stress free and simple. Try our easy to use Search! Use our My Home Hunter feature to be notified when your dream home hits the market. **Barrie's Green Realtor Karen Fox** has been selling real estate for over 23 years in the Barrie area. She has an interest in the environment and passionate about the community and how we are living on this planet. Sitting on the board of "Living Green" and the steering committee of "Transition Barrie," she is well advised about the concerns and problems facing residents. "I believe that I can bring a lot to the table in terms of our experience in the Barrie and surrounding area Real Estate market, our knowledge of the Community and our study of the Environment." An award winning Realtor and "Hall of Fame" award of excellence. "I will only take on the new business that I can handle" "I am not interested in stock piling listings with the hopes that, by the law of averages, some will sell." Karen is hard working, dedicated and determined to provide the best possible service to her clients and customers. Why use a "Green Realtor"? There are already signs that in the near future energy costs

will continue to rise. When shopping for a new home, it is imperative that buyers compare homes based on the normal criteria of location, size and functionality along with the homes potential for energy efficiency by concentrating on insulation, type of windows, furnace, roof, age of the structure, type of wiring, type of plumbing, lot grading and the potential to grow your own food should you desire. We can make this process easier for you with our knowledge of the area builders over a long period of time and our training on efficiency and energy efficient products. We can point out periods of rapid growth when homes in our city were not well constructed and were rendered very poor on the scale of energy efficiency. We can point out builders that meet LEED standards or Green standards and have built to the highest levels of efficiency. Quick Search Search Featured Property RE/MAX Chay Realty Inc.
